## INDEPENDENT AUDITORS' REPORT

To the Stockholder  
Summit Capital Investment Group, Inc.  
Cheektowaga, New York

We have audited the accompanying statement of financial condition of Summit Capital Investment Group, Inc. as of December 31, 2003. This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of financial condition. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall statement of financial condition presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial position of Summit Capital Investment Group, Inc. as of December 31, 2003, in conformity with accounting principles generally accepted in the United States of America.

**NOTES TO STATEMENT OF FINANCIAL CONDITION**

---

**NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

---

***Description of Business and Organization***

Summit Capital Investment Group, Inc. (the Company), a wholly owned subsidiary of Summit Capital Holdings, Inc. (the Parent), is a registered broker-dealer. The Company acts primarily as a participant with another broker-dealer in profits generated from customer transactions (Note 4). To a lesser extent, the Company also acts in an agency capacity, buying and selling securities for its customers and charging a commission.

***Government and Other Regulation***

The Company's business is subject to significant regulation by various governmental agencies and self-regulatory organizations. Such regulation includes, among other things, periodic examinations by these regulatory bodies to determine whether the Company is conducting and reporting its operations in accordance with the applicable requirements of these organizations.

***Income Taxes***

The Company accounts for income taxes according to Statement of Financial Accounting Standards No. 109, which requires a liability approach to calculating deferred income taxes. Under this method, the Company records deferred taxes based on temporary differences between the tax bases of the Company's assets and liabilities and their financial reporting bases. These differences result from income and expense accruals, as the Company is a cash basis taxpayer (see Note 7). A valuation allowance is established when it is more likely than not that some or all of the deferred tax assets will not be realized. Management's valuation procedures consider projected utilization of deferred tax assets prospectively over the next several years, and continually evaluate new circumstances surrounding the future realization of such assets.

***Use of Estimates in the Preparation of Financial Statements***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

---

**NOTE 2. RECEIVABLE FROM BROKERS**

---

Receivable from brokers represents amounts due from Fiserv Correspondent Services, Inc. and Carlin Equities Corp. ("Carlin"). The receivable includes a clearing deposit of \$14,224, commissions receivable of \$4,835, and \$149,710 of receivables related to the Company's profit participation arrangement with Generic Trading of Philadelphia, LLC ("GTP") and Carlin. (Notes 4 and 6)

---

**NOTE 3. RELATED PARTY TRANSACTIONS**

---

The Company receives management and administrative services, including the use of the Company's office facility and equipment, from an entity affiliated by virtue of common ownership. In this regard, the affiliate incurs significant operating expenses and provides facilities for the Company in consideration of a management fee.

---

**NOTE 4. PROFIT FROM PARTICIPATION AGREEMENT**

---

The Company is a participant in profits generated from customers introduced to GTP, a registered broker-dealer. Transactions with these customers are processed through another broker-dealer, Carlin. In connection with this profit participation agreement, the Company receives from Carlin one-half of the profits allocated to GTP's managing member on a monthly basis in arrears. At December 31, 2003, the Company was due \$149,710 related to this activity, and this amount is included in receivable from brokers in the accompanying statement of financial condition.

---

**NOTE 5. NET CAPITAL REQUIREMENTS**

---

As a registered broker-dealer, the Company is subject to the Uniform Net Capital Rule of the Securities and Exchange Commission, which requires that "Net Capital", as defined, shall be at least the greater of \$5,000 or one-fifteenth of "Aggregate Indebtedness", as defined. At December 31, 2003, the Company's "Net Capital" was \$13,571, which exceeded requirements by \$8,571, and the ratio of "Aggregate Indebtedness" to "Net Capital" was 0.41 to 1.

---

**NOTE 6. COMMITMENT**

---

The Company is a guarantor of an obligation to Carlin, incurred by a related party. The guarantee is limited to the Company's future profit participation to be received from Carlin. The guarantee, if enforced, would be funded by a reduction in the profit participation receivable (Note 4).

---

**NOTE 7. INCOME TAXES**

---

The net deferred tax liability at December 31, 2003 was \$43,000. It consists of a \$58,000 deferred tax liability relating to the commissions receivable which is not includible in taxable income until collected, and a \$15,000 deferred tax asset relating to net operating loss carryforwards. The net operating loss carryforwards of approximately \$39,000 expire in the years 2021 and 2023. At December 31, 2003, the Company owes the Internal Revenue Service approximately \$5,500 for 1999 income taxes.
